

SECURITY, EXPERT (JNCIE-SEC)

Earn an expert-level certification that demonstrates understanding of security technology and Junos OS software for Juniper Networks SRX Series Firewalls.

One of four certifications in the Juniper® Security track, the JNCIE-SEC, expert-level certification, is designed for networking professionals wanting to advance their knowledge of security technology and Junos® operating system software for Juniper Networks® SRX Series Firewalls. During the hands-on lab exam, you verify your understanding of security technologies, related platform configuration, and troubleshooting scenarios.

Exam Preparation

We recommend the following resources to help you prepare for your exam. However, these resources aren't required, and using them doesn't guarantee you'll pass the exam.

Recommended Training

- [JNCIE-SEC Certification Self-Study Bundle](#)
- All courses listed for the underlying certifications

Exam Resources

- [Juniper TechLibrary](#)
- Extensive real-world hands-on experience

Additional Preparation

- [Juniper Learning Portal](#)
